Summary

Motivated Computer Science student with a solid understanding of programming concepts, software engineering, and modern web technologies. Skilled in building responsive web applications and passionate about contributing to impactful technology projects. Eager to grow as a developer and stay updated with emerging tools and frameworks.

Education

B.E. Computer Science Engineering
PSG College of Technology, Coimbatore
CGPA: 8.59 / 10 (upto 3rd semester)

Higher Secondary Education
Bharathi Matriculation Higher Secondary School, Coimbatore
Percentage: 97.16% Cutoff: 199/200

Projects

Electricity Bill Management System:
Java-based application to calculate electricity bills and units consumed. Features a user-friendly interface using Java Swing.

Ongoing Projects:

- **Cognisphere:** An educational platform to track student schedules, academic progress, and guide them through career options based on interests and skills.
- **Medico Legal Record Management System:** A web application to maintain medico-legal records and manage insurance claims with role-based access.

Capstone Projects:

- **Online Resume** – Developed using HTML
- **Motivational Poster** – Created using HTML and CSS

Accomplishments

- **Sports:** First place in running competition during school sports day.
- **Math:** First place in 'Chronoid' – a mathematics competition organized by the college association.
- **Science:** Second place in 'SCIENTIA' – an intra-college event by the Applied Science and Mathematics Department.

Activities

- Member of the CSEA (Computer Science Engineering Association) – Contributed to organizing multiple coding events.
- Student Union – Event Resource Management Team: Participated in planning and executing intra and inter-college events:
 - INTRAMS (intra-college)
 - Kriya (inter-college)

Technical Skills

Languages: C, Python, C++, Java
Front-End: HTML, CSS, JavaScript
Back-End: Node.js, PostgreSQL

Certifications

- Certification in AI Tools – Workshop conducted by Power BI experts
- FreeCodeCamp – Responsive Web Design

Relevant Coursework

Completed: DBMS, Software Engineering, Data Structures, Design and Analysis of Algorithms, Sensors and Its Applications, Computer Organization and Architecture, Object-Oriented Programming, Application Development

Soft Skills

Teamwork, Positive Attitude, Calm Under Pressure, Taking Responsibility
